### DETAILED ACTION

1. Claims 1-9 are pending in the application.

### REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowed since the instant process for synthesizing camptothecin derivatives is neither disclosed nor obvious over the prior art. In the prior art, Hausheer ( U.S. Patent no. 6,194,579 ) discloses a process for preparing 7-(beta-trimethylsilyl)ethyl camptothecin ( see example 26 in col. 25 and claims 4-5 ) which is closely related to the instant process. However, the process of Hausheer differs from the instant process and furthermore, there is no teaching, suggestion or motivation in the prior art to modify the process of Hausheer to arrive at the instant process for preparing the instant camptothecin derivatives.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
